

## Garage Sale Queen 2010 Class Schedule

**Hypertufa** is an artificial medium with properties similar to the tufa rock from which old stone sinks and animal troughs in England were carved. It is lighter than regular concrete, water permeable, and weather resistant. It ages beautifully with a look of old rock. Different ingredients create unique textures that can be molded or sculpted.

**Mosaics** is the age-old art of creating home accent pieces or garden art using old dishes, tiles, marbles, jewelry, or glass. Students can create a flower pot or a birdbath.

<u>classes</u>	<b>Hypertufa The Basics (morning class)</b>	<b>Hypertufa Beyond the Basics (afternoon class)</b>	<b>Mosaics – (beginners)</b>
<u>about the class</u>	Students learn the secrets to the age old formula. <b>Basics</b> class allows you to build your own Hypertufa planter, birdbath, or stepping-stone.	<b>Beyond the Basics</b> covers creating textures, sand casting, coloring/painting techniques, incorporating mosaics, sculpting, free hand molding, leaf casting, and using armatures.	A great beginner or intermediate course to show you direct method mosaics, using old dishes, tiles, glass, old jewelry, marbles, or just fun, found objects. Students pick either a flower pot or a bird bath using a planter saucer.
